

MTNT

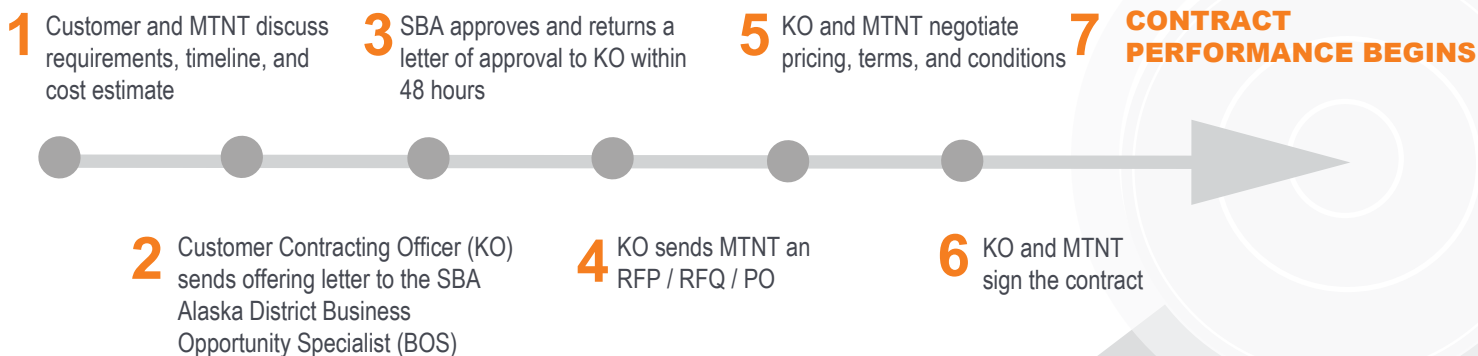

An Alaska Native Corporation

8(a), Small Business and Disadvantaged Business Enterprise Contracting

MTNT, Ltd. is an **Alaska Native Corporation (ANC)** headquartered in Anchorage, AK. MTNT's companies provide construction management, facility maintenance, secure space renovation, professional services, cleared staffing, information technology, strategic communications, janitorial services and more.

As **8(a), ANC-owned** firms, MTNT subsidiaries have unique advantages in federal procurements, which provide the benefit of quick contract execution, allowing our customers to procure products and services in days, not months. These advantages were approved by Congress in the Alaska Native Settlement Claims Act (ANCSA) of 1971 and are set out in the SBA's 8(a) Program, the Federal Acquisition Regulations and the Code of Federal Regulations.

How It Works

CONSTRUCTION, MAINTENANCE, AIRFIELD IMPROVEMENT, SECURE SPACE RENOVATION, FACILITIES MANAGEMENT, PEST CONTROL, PROFESSIONAL SERVICES AND MORE ...

An Alaska Native Corporation

Since 2012, MTNT has delivered superior, timely, and reliable construction services to our federal, state, and local customers. We provide general and specialized construction and construction management services with offices in Alaska and Georgia. We are an 8(a) certified and Alaska Native Corporation-owned total small business built to suit your project goals. With diverse capabilities and strong partnerships, MTNT has the expertise and experience to rapidly respond to our customers' toughest challenges.

We understand that choosing the right contractor for your next project can be challenging, but it doesn't have to be. At MTNT, our project teams are successful because each project is built on the foundation of four key elements: Communication, Collaboration, Commitment and Compliance. Let us help you with your next project. We are your Sole Source to Success.
