# MESSAGE FROM THE CHIEF EXECUTIVE OFFICER

Dear MTNT Shareholders,

I am incredibly grateful for the trust the Board of Directors has placed in me, and I am excited to contribute to the mission of the corporation.

I've spent my first two months as CEO focused on learning – about the MTNT team, the businesses we operate, our customers, our Shareholders and the communities we serve. I continue to be impressed by the dedication and professionalism of our employees. Our team in McGrath works tirelessly to keep the lights on across the community; our staff in Atlanta continues to earn the trust of the Center for Disease Control through a range of maintenance and construction projects; and our ongoing service and construction work in Washington, Kansas, and even Africa demonstrates the breadth and capability of our corporation.

Many have heard about increased scrutiny in federal contracting, particularly related to Small Business

Administration programs such as the 8(a) program. This program has been instrumental to the success of MTNT and many other Alaska Native Corporations in delivering economic benefits to Shareholders. Fortunately, our team has been diligent and responsive: maintaining compliance requirements and seeking diverse contract opportunities to maintain MTNT's performance for the future. The leadership team is engaged in focused strategic planning to ensure we continue building a strong, enduring value proposition. The collaboration and teamwork happening across our corporation - and across many time zones - is truly impressive.

Late last year, two long-term employees of McGrath Light & Power retired. Arnold Andrews and Lucky Egrass served not only ML&P, but the entire community, for a combined 45 years. We are grateful for their steadfast commitment to the corporation and for the mentorship they

provided the team that will carry forward the responsibility of delivering reliable power in McGrath.

I am placing an emphasis on establishing a culture of growth and development across the corporation. One of the highlights of my early tenure was to have my first Shareholder engagement experience centered on the MTNT Foundation's mission of awarding scholarships to Shareholders pursuing education and career advancement. It is inspiring to see the corporation's success being reinvested in the next generation!

I also had the opportunity to meet a few Shareholders on my first visit to the region in late February. I enjoyed learning more about the community and history of McGrath during a beautiful winter visit. I look forward to meeting and engaging with many of you in the future, as we continue building a corporation that reflects the strength, resilience, and values of the communities we serve.

Sincerely,  
Richard Marshall

# COMMUNITY NEWS

## A Milestone Nearly 40 Years in the Making 1987-2023 Shareholder Land Conveyances Complete

MTNT is pleased to announce the completion of all eligible surveyed lots that were identified as previously approved under the Shareholder Land Distribution Program (SLDP) and prior Homesite Program from 1987 to 2023, but had not been deeded. This important milestone resolves decades of outstanding administrative matters and ensures that previously approved and eligible land selections have now been formally conveyed and recorded.

This effort followed the 2023 audit of the SLDP and the completion of the Nikolai 14(c)(1) reconveyances, which together prompted a comprehensive review of historic land records. As of September 2025, all previously approved surveyed lots that had remained outstanding under the SLDP and prior Homesite Program have now been finalized through recorded Quit Claim Deeds. In total, 21 conveyances were completed through this effort.

As part of this review, MTNT also evaluated prior Remote Site Applications. Two selections from 2016 remain active and eligible pending completion of required surveys. Several earlier applications approved

between 1998 and 2009 were never surveyed or deeded. As the program moves forward, those Shareholders and/or their beneficiaries who have not previously received land may remain eligible.

With these reviews complete and eligible conveyances finalized, MTNT has now reached an important milestone.

This milestone represents more than the recording of deeds. It resolves decades of pending land selections, closes a long-standing administrative chapter, and marks an important step forward for MTNT's continued stewardship of its lands.

The program is not closed. This administrative reset allows MTNT to carefully review the program and ensure a thoughtful path forward. Additional guidance will be shared with Shareholders as that work continues.

## APPRENTICESHIP OPPORTUNITY

### Alaska Laborers Training School (ALTS) Now Accepting Applications

ALTS is now accepting applications for the Construction Craft Laborer Apprenticeship Program in Anchorage. The upcoming application deadline is April 3, 2026. Applications received after this date will be placed on ALTS' list for future opportunities.

ALTS offers tuition-free, hands-on training in various construction skills, including surveying, form building, hazardous waste abatement, and

more. Apprentices gain valuable experience working on projects such as highway construction, Trans-Alaska Pipeline maintenance, and commercial building construction.

Training includes four weeks at ALTS each year, with apprentices working on job sites across Alaska during the remainder of the year. Students who meet ALTS' out-of-town criteria are eligible for housing and travel

assistance during training. ALTS also offers rural preference for applicants from rural Alaska.

To learn more or apply to the program, please call (907) 345-3853 or visit [www.aklts.org](http://www.aklts.org).
